July 21 8:30 am – 3:30 pm

**El Dorado East Regional Park
Golden Grove Picnic Area
7550 E. Spring Street
Long Beach, CA 90815**

This three-day course is a basic overview of air pollution emphasizing Visible Emissions Evaluation or VEE. Participants will be trained to perform EPA Method 9 for reading visible emissions and will have the opportunity to obtain Visible Emissions Evaluation (VEE) Certification. This certification is valid for six months and must be renewed by attending [DAY VEE \(#100.1\)](#) and [NIGHT VEE \(#100.2\)](#) Certification Courses. Additional topics include Air Pollution and Its Effects, Meteorology, Water Vapor Plumes, Air Pollution Law, Air Compliance Inspection Procedures and Documentation.

Completion of Fundamental of Enforcement (FOE) is required for anyone who seeks VEE Certification from the California Air Resources Board. It is also a requirement for anyone who seeks to be listed under VEE with the [California Air Resources Board Independent Contractor's Program](#). This is to ensure all CARB certified VEE readers meet our standards of certification and understand the California VEE laws.

Registration Information: **Contact David Cunkelman (916) 323-1168 or**
dcunkelm@arb.ca.gov with any questions.
